The Covina Police Department has implemented Online Police Reporting; a web based police reporting system that allows citizens to file police reports directly with the police department via the internet.

The program will allow a citizen to file the following specific reports:

Harassing Phone Calls   Hit and Run Collisions
Identity Theft   Lost Property
Theft   Theft from a Vehicle
Vandalism   Vandalism to a Vehicle
Unlawful Use of a Financial Card Child Custody Violation

There are three criteria that must be met when a citizen considers filing an online police report with the Covina Police Department.

1. There can be no suspect information

2. No evidence

and

3. No solvability

If any one of these exists, the online reporting system can not be used. In those cases, please contact the police department at (626) 384-5808 to request a call for service.

You can file a police report by clicking on the link below.   File a Police Report
